Docket No. 98N-1265  
Food and Drug Administration

**I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.**

COMMENTS: I feel the draft M.O.U. being proposed by the FDA is trying to take away my rights as a U.S. citizen to buy legal prescriptions anywhere in the United States. My compounded prescriptions have done the best job of relieving my symptoms without side effects.  
I will refer this matter to my congressman!
